

Your camping group leader needs information from you in order to manage your group's reservation at The Woods Camping Resort.

STEP 1: You will need an account in The Woods' reservation system. If you've been to The Woods, then you already have an account. Do not create another account if you don't remember your log in information. They will help you if you contact them at info@TheWoods.camp

STEP 2: [Create or log into your account](#)

STEP 3: Once logged in, click "My Account" and scroll to the bottom right where you'll see the "My Camping Family" tool. Please enter a password in the field: "My Camping Family Password." If you already entered a password in the past, you do not need to enter a new password.

My Camping Family

Add names to your account of people who camp with you. When you reserve campsites, you'll easily be able to populate their information into your reservation without manually typing it!

1. Ask your Camping Family members to log into their account and assign a "My Camping Family" password.
2. Ask them for that password along with their Member ID # or email address assigned to their account.
3. Click this green button: **Add Camping Family Member**

| Name | Member ID | Status |
|------|-----------|--------|
|------|-----------|--------|

My Camping Family Password :

For others to add you to their Camping Family, give them your Membership ID# & this Password so they can add you to their reservations. Your Membership ID# is either the ID# on the top of this page (also on your membership card) or the email address you use to log into your account.

Save Changes

Be sure to save changes.

STEP 4: Provide your Woods Membership ID # (located at the top of your account page) and your "My Camping Family" password to your Group Leader.
